From the Principal Katherine Holman

As the term draws to a close it is a good time to reflect on the highlights over Term 2. It is always amazing how much we manage to fit into every term. We would also like to take this opportunity to thank everyone for their support throughout the term and wish you a very happy and safe holiday. We look forward to another action packed Term 3 starting on Monday 23rd July.

SCHOOL UNIFORM - Leadership

SCHOOL UNIFORM REMINDERS

As the weather gets colder we are seeing a number of students wearing black tracksuit pants and leggings, colourful hair bows, jewellery and makeup – all of which are not part of the uniform policy. Teachers will be reminding them about the school uniform in classes daily.

Just a few reminders:

- No denim or black tracksuit pants, jumpers, jackets or leggings
- The only acceptable jewellery is the wearing of small studs, sleepers and watches
- NO MAKEUP or Nail polish of any description. Students will be reminded and then asked to remove it at the office if it continues
- School hair accessories must be navy or white
- PLEASE PUT NAMES on students jumpers and jackets – everything that comes to lost property is returned if names are on items

ATTENDANCE - Amber Arruzzolo – Student Wellbeing Leader

ATTENDANCE REMINDERS

Each term we send home letters to children that have missed 10 or more days of school in the term (unexplained or explained included). If students have an ‘approved exemption’ then these letters are just for your personal records. Some teachers that are concerned about continual lateness may send home a record of lateness – which is again a timely reminder to be getting to school on time to not miss out on their learning. Letters will come home with those students on the last day of the term. If there are any queries or modifications needed – please see classroom teachers.
Thank you to all of those families that have continued to provide explanations for absences after receiving letters home at the end of term 1 and who have made a conscious effort to improve their child’s attendance. Continuous absences and/or lateness have detrimental effects on student’s academic and social development at school and it is vitally important that they are at school every day, on time and ready to.

Fathers day 2018- Sheree Short & Cassie O’Brien

Fathers day is fast approaching and once again we would love your support. We rely heavily on donations from our school community to make our stall a continued success. Whilst any donation is greatly appreciated we would love blocks of chocolates, chocolate biscuits, lollies, cans of soft drink as well as any other gift suitable for men. The more donations we receive, the more wonderful items the kids can purchase and we can all help to raise funds for the school. All donations can be dropped into the front office.

Program Achieve Assembly Awards – Amber Arruzzolo

The following students received Program Achieve Awards at assembly….

Social Responsibility Awards

It was terrific to celebrate our students who received awards for Social Responsibility at this week’s assembly.

These awards recognise children who use all their Program Achieve Keys and Habits of the Mind. These children are reliable and we can depend on them to be an asset to the classroom and show ‘Excellence and Care’ towards their class mates and school. The children who received this award were very excited. Congratulations to…..

SALISBURY HEIGHTS VINNIES WINTER APPEAL

Salisbury Heights is again supporting the St Vinnies Winter Appeal to help the homeless and those families in the community in need as the cold winter months begin. Jayne Shortt from Vinnies joined us at our Assembly to discuss the program in more detail with the children and her clip about homelessness and families in need was quite powerful. Our official ‘Winter Appeal’ will run from week 8–10 – with bins and boxes being collected in the holidays. Last year the school community did an amazing job of donating goods that went on to support families in the Salisbury area and wider in need.

Each class has a large box to collect donations of the following types of items:
- Non-perishable foods such as: soups, spaghetti/ baked beans, sauces, spreads, rice, pasta, baby wipes, toiletries: shampoo/conditioner/ soap, long life milk etc.

Each classroom block now have some large blue bins/shared between two classes for clothing and blanket donations. The items needed include:
- Jumpers, jackets, warm clothing (kids to adults), blankets in good condition and socks (for hygiene purposes these must be new).

If every child donated one item for the food boxes and clothing bins that would be a sensational effort from our school community for this amazing organisation. We thank you in advance for your support and kind donations that will be helping to make a difference to people in our local community.

Amber Arruzzolo and the SRC

Your local Neighbourhood Watch Group meets regularly at Salisbury Heights Primary School. Please join our next meeting on Tuesday 7th August, 2018 at 7.30pm for 1 hour to discuss safety concerns in our community.

New Members Welcome.

"Excellence and Care"
The best way to keep illness at bay

As winter approaches the community braces for an onset of infectious illnesses: coughs, colds, flu, gastro, skin complaints and eye infections. But as the old saying goes, an ounce of prevention is better than a pound of cure and the number one way to prevent getting sick this winter is the simple act of washing your hands.

Many of the germs that spread illness are carried by our hands. Germs get onto our hands when we touch objects which have germs on them. Germs from people’s unwashed hands end up everywhere on handrails, door handles, keyboards, table tops, ATMs, children’s toys, phones, kitchen surfaces and from there they are transferred onto our hands! And as we know, our hands constantly touch our eyes, nose and mouth, often without us even realising it. Germs get into our body this way and make us sick.

It may sound obvious and mundane, but the very best way to prevent the spread of illness is to wash your hands with soap and water, often and well. By following this simple advice, you can help protect you, your family and others from getting sick.

Wash your hands…

1. After going to the toilet

Why? Faeces (poo) from humans and animals carry germs - a single gram of poo can carry a trillion germs. When these germs get onto hands and are not washed off, they can be passed to another person, either directly from soiled hands or indirectly by way of objects, surfaces or water soiled with faeces. These germs can cause highly contagious illnesses like food poisoning or gastroenteritis.

2. Before eating

Why? Washing hands before meals is an important way to prevent germs spreading, especially for young children who tend to eat with their hands.

3. After touching animals

Why? Pets such as dogs, cats, reptiles, rodents and birds carry germs that can cause intestinal diseases. Pet food and pet treats can also be contaminated with germs.

4. After sneezing and coughing

Why? If you are sick with a cold or flu, the cold or flu virus will be released every time your cough, sneeze or blow your nose. Keeping your hands clean will ensure you don’t spread germs to others.

5. After changing nappies

Why? After changing nappies you should always wash your hands - and your baby’s hands too just in case. Also after helping an older child who has used the toilet, you should both wash your hands. Training a child about hand hygiene is an important life skill.

6. Before, during and after preparing food

Why? Your hands can spread bacteria around the kitchen and onto food. Germs from our hands can multiply in certain foods and drinks and make people sick. Raw foods such as meat, chicken, fish and raw vegetables contain harmful bacteria that would normally be killed when cooked. Take care to wash your hands after handling raw foods to avoid spreading germs to ready-to-eat foods such as salads, bread or fruit.

7. Before and after caring for a sick person

Prevent the spread of infection by washing your hands before and after treating wounds, giving medicine, or caring for a sick or injured person.
